

**Arlington**  
INDEPENDENT SCHOOL DISTRICT  
*More Than a Remarkable Education*

August 5, 2009

Dear Parent,

The Special Education Advisory Committee of the Arlington Independent School District (AISD) is comprised of parents, school personnel and community representatives. These representatives are persons who are involved with or are interested in special education matters and the welfare of students receiving special education services in our district.

Special education is specially designed instruction, at no cost to parents, to meet the unique needs of a student with a disability. In AISD, a continuum of supports and services are available to meet the varying needs of students from birth through age twenty-one. Special education services and supports are provided on every elementary, junior high and high school campus.

The committee serves in an advisory capacity to the school district administration on special education issues, services and supports and as a liaison between the community and the school district. Specific by-laws define the mission and objectives of the committee.

The committee meets regularly during the school year from 6:30 p.m. to 8:00 p.m. at the Professional Development Center, 1111 West Arbrook Blvd. Meetings are open to Arlington ISD parents of students with disabilities. For the 2009/2010 meeting dates, please see the Special Education Department link on the Arlington ISD website ([www.aisd.net](http://www.aisd.net)) or call 682.867.0804.

Sincerely,

Debbie G. Roybal  
Director, Special Education
