NEW
VISITOR ID
SYSTEM
STARTS
FEB. 13!

To ensure student safety, a new visitor identification system called V-soft will start operating at all AISD schools Monday, Feb. 13.

Visitors, please be ready
to provide your driver's license or
other state-issued ID
when you visit any AISD school.

A web-based software will instantly screen visitors. After you are registered, the system will print a badge with your name, photo, date, time and destination.

If you do not have a state-issued ID, please provide the campus staff with another means of identification to visit the campus.
