

A fundraiser that's as easy as flipping a switch.

Supporting your school has never been easier.

Community involvement has long been a core value at Reliant Energy. That belief is behind the Reliant Power Your School program – where you can raise money for your school without any effort.

The idea is simple – you get a great electricity plan and Reliant will support your school with:

- ✓ *A \$3 monthly donation in your name for 3 years as long as you're a customer*
- ✓ *An additional \$25 one-time donation if you're a new Reliant customer*

Remember, the program works with any Reliant plan. That means you'll receive the same great prices and best-in-class customer service you've come to expect from Reliant, all while helping support your school.
