

# Technology Applications Outline & Information

Technology Applications class will cover the following list of applications though not necessarily in this order:

**Computer Ethics/Cyberbullying**  
**Keyboarding Review**  
**Introduction to Computers/Computer Terminology**  
**Word Processing/Desktop Publishing/Mail Merge**  
**Computer Graphics/Animation**  
**Multimedia Presentations**  
**Telecommunications/Email with [www.epals.com](http://www.epals.com)**  
**Spreadsheets/Databases/Web Pages**

In the summer of 2010, our lab was updated to 32 student Dell Optiplex 280 Desktop computers with 2 gigabytes of Ram and with 150 gigabytes on the hard disk. They have the Pentium Intel Core 2 Duo chip with a speed of 2.66 gigahertz. The operating system is Windows 7. The monitors are 19 inches. They are all networked to the district intranet and to the Internet. Each computer is equipped with DVD & CD –RW drive. We also have 3 scanners. We also have 1 HP Laser printer and 1 HP Color printer per lab. The software programs used are will be:

**Microsoft Word, Access, Excel, Power Point 2010, Inspiration 9.4 and TimeLiner 5.0,**  
**Adobe PhotoShop Elements 8.0, Photo Story 3.0 and FireWorks**  
**Mozilla FireFox. Internet Explorer, DreamWeaver, Ultra Key 4.0, and Flash**

You will use a computer almost every day. There will be a wide range of abilities in this class. I will help any student that gets behind and I hope to challenge the students with previous experience in computing - at what ever level. Most applications will have a project that is related to the curriculum of core subjects.

Makeup work on the computer is allowed before school (I arrive approximately 8:15 am and you must have a pass from the day before) and after school (you may stay until approximately till 5:00 pm). Please check my class calendar for days I may have conflicts. The curriculum notes, vocabulary and worksheets may be found on the district web site at

OR

**Log on to the AISD home Page at [www.aisd.net](http://www.aisd.net)**  
**Click Schools, Click Junior Highs**  
**Click Boles, Click on Departments**  
**Click Technology, Click Technology Applications**  
**Scroll down, Click Curriculum**  
**Add a bookmark or favorite for future use!**

My email address is [ddow1@aisd.net](mailto:ddow1@aisd.net). When emailing the teacher, please put “attendance” in the subject line along with the student’s name and the SPAM filter will not block it.

Login or Username for your computer = first 5 letters of last name and your lunch number

Password for your computer = “password” the first time you log in and then you change it

Example: Tom Johnson = johns45678

Login or Username for [www.learning.com](http://www.learning.com) = first 5 letters of last name and your lunch number

Example: johns45678

Password for [www.learning.com](http://www.learning.com) = the letter “a” and your lunch number, Example: a45678

Login or Username for testing = boles and the period number and “s” for spring, Example: **boles2s**

Password for testing = the letter “a” and your lunch number, Example: a45678
