

Superintendent's Report

August 20, 2009

I have some great news to share with you this evening!

Convocation 2009

Convocation was a great success! More than 6,000 teachers and staff attended this exciting event. It really got this school year off to a terrific start and was a wonderful opportunity to recognize last year's Teachers of the Year, AWARE Award of Excellence nominees and winners, and Education Foundation grant recipients. Our wonderful student speakers brought a powerful message. The video is available online in the AISD-TV Video Gallery.

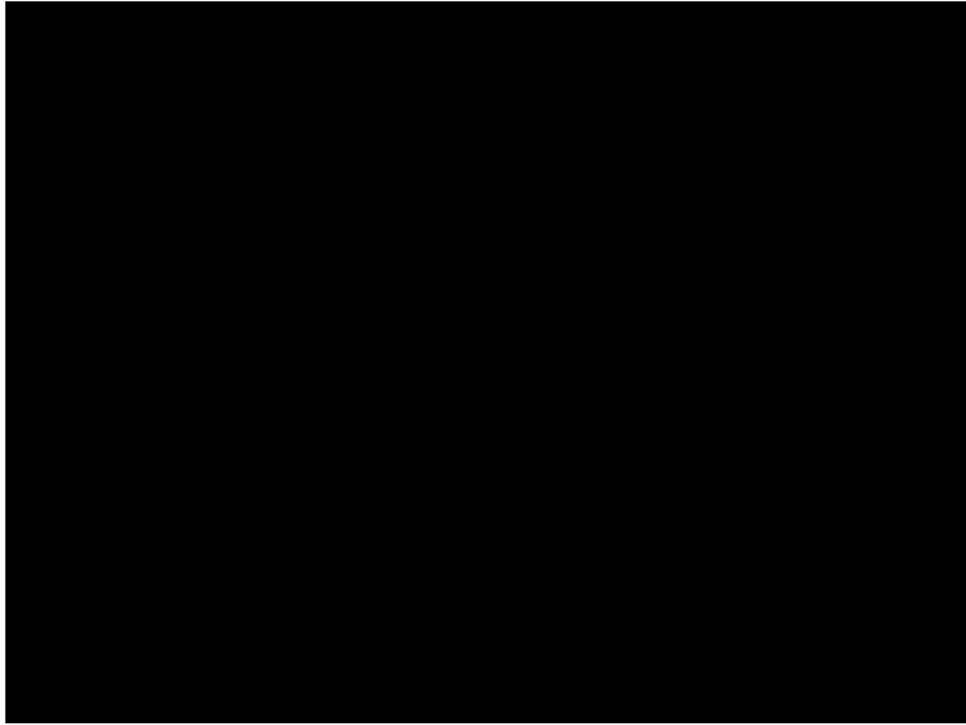

Go Green FBLA

Congratulations Seguin HS!

Last year Future Business Leaders of America started a new contest – *Go Green FBLA*. Seguin High School's FBLA and Environmental Club worked together to complete the tasks required for the contest. Seguin won the national award for the Mountain/Plains Region. Graduate Daynell E. was the driving force for the groups. She attended the FBLA National Leadership Conference in Anaheim, Calif. earlier this summer to receive the award. Great work!

Our teachers and staff are ready for the students to report for the first day of school Monday morning. We are all excited about the possibilities this new year brings!
