The Michael J. Ahearn 27th Annual Summer Workshop for High School Science Educators

A two-week session: July 16, 2012 - July 27, 2012

Application deadline: April 16, 2012

This two-week Summer Workshop for High School Science Educators provides participants with a combined didactic and laboratory experience that will enrich their teaching and enhance their students' learning. Participants receive a Fellowship subsidy of \$1,500.00 for the two-week period.

-

Louisiana Scholastic Journalism Institute (LSJI)

LSJI provides an intense one-week journalism training program for high school sophomores, juniors and seniors. This program will provide students the skills needed to produce top-notch scholastic media, including newspaper, broadcast, yearbooks and multimedia. The program fee is \$350.00, includes housing, meals and cost for materials and activities. Participants are responsible for travel expenses to and from LSU campus. For more information call 225-333-8328 or email LSJI@edu

USC / Chevron Frontiers of Energy Resources Summer Camp 2012

What: USC / Chevron Frontiers of Energy Resources Summer Camp 2012 **Where:** University of Southern California, Los Angeles, CA **When:** July 15 – 20, 2012 (Sunday – Friday)

Who: Frontiers of Energy Resources is seeking enthusiastic and academically outstanding high school juniors who are interested in a future in the energy industry. Passionate High School Science and Math Teachers are also encouraged to apply. Chevron Corporation has come together with USC's Viterbi School of Engineering collaboratively to host a summer camp for High School Juniors and High School Science and Math Teachers at the University of Southern California in Los Angeles. The Frontiers of Energy Resources Summer Camp offers a preparatory, interactive training program focusing on various energy resources including fossil fuels, solar, biofuel, wind, nuclear energy, and information technologies for energy efficient operations. This unique program is designed to introduce exceptional high school juniors and as many as 5 high school science or math teachers to the opportunities and career possibilities available in the global energy resources industry.

Texas Lutheran University

The Lone Star Academy allows students to "try on" the college experience and spark some excitement about continuing their education after high school. They can earn 2 hours of college credit, team up with other high school and TLU students and enjoy interesting classes, fun evening activities and great field trips. This program is from July 8-20, 2012. The price is \$1825 for tuition, room, board, books and all associated activity fees and material costs. Financial Aid is available. For more information, go to www.tlu.edu/issa.

TEXAS A&M University

Spend the day with the Corps of Cadets (SDWC).

Each summer this program continues to attract highly motivated high school students who are considering attending Texas A&M University and participate in the Corps of Cadets. SDWC is an official campus visit offered to juniors and seniors as well as their parents. Our programs this summer are on Friday, July 27th and August 3rd. For more information go to corps.tamu.edu or 1-800-TAMU-AGS

Key School 2012 Summer Program

June 4- June 28

Program is designed for either students who struggle in school or those who need the benefit of getting an academic boost for the upcoming school year. Key School has taught reading, phonics, and math to thousands of students, enabling them to improve academic performance dramatically.

Otis College of Art and Design

Summer of Art is an intensive, four-week, pre-college program for students ages 15 and older who wish to experience what it is like to study at one of the top art and design colleges in the country. Serious young artists seeking to strengthen and enhance their art skills, as well as students with limited art training are invited to participate. The program will be July 9-August 3rd, 2012. The cost Scholarships are available (applications due April 30). For Complete registration information please go to www.otis.edu/soa
