

VOLUNTEERS

Please fill out a volunteer application if you think you will want to attend any kindergarten event or celebration. Parents who are not approved volunteers may not interact with the kindergarten students in any way—they must have to watch from the sidelines. This is true for parties and for events such as Field Day. Only approved volunteers may accompany the class on the field trip. Filling out the application and having it approved does not mean you are volunteering to be at all our events!

BIRTHDAYS

We celebrate birthdays in kindergarten by letting the birthday child go to the office during morning announcements and tell his/her name and age s/he is turning. The birthday child receives a special ribbon to wear all day. The children announce summer birthdays in August or May. We do not have birthday parties at school.

Invitations to home parties may be handed out during school provided that the **entire class** is invited, or **only all the girls**, or **only all the boys**. Children can have their feelings hurt easily when being excluded from a party. We suggest you mail out invitations, but we cannot release address information.
