

West Media Center

Today's readers are tomorrow's leaders

Sixth Grade West Parents,

Some of our sixth graders have grown beyond the typical “elementary school” library books. They are ready for “young adult” novels. We receive copies of books that are being considered for the Texas Bluebonnet Award and that are on the Texas Lone Star Reading List. I would like to place some of these “young adult” novels on a special “Young Adult” shelf for our sixth grade students.

They really like having a shelf exclusively for them. These are books that would be found in a junior high school library or on a public library young adult shelf because of (1) length, (2) subject matter, or (3) the use of “curse” words.

It will be up to the parent to determine if they wish their child to have access to this shelf. Only those students who return the permission form below will be “tagged” on the computer to let us know they have permission to check-out young adult novels. These books are labeled with a blue “YA” sticker. If you have further questions regarding this matter, please do not hesitate to call me at (682) 867-0100.

Sincerely,

Mrs. Sheppherd-Librarian

Please sign and return the permission form below.

My child, _____ has permission to check out “young adult” novels from the “Young Adult” shelves at the West Media Center.
