

KEEP YOUR CHILD AT HOME WHEN:

- Child has a temperature of 100 degrees Fahrenheit or 37.7 degrees Celsius or higher
- Child has diarrhea or vomiting
- Child has a rash of unknown origin
- Child has red, runny eyes or wakes up with eyes "glued" shut
- Child complains of ear pain with or without fever

YOUR CHILD MAY RETURN WHEN:

- fever free for 24 hours without the use of Tylenol or other fever reducer
- Child is free of diarrhea and vomiting for 24 hours
- You have consulted a health care professional*
- You have consulted a health care professional* for the appropriate antibiotic therapy
- You have consulted a health care professional for appropriate care*

*Upon returning to school the child must bring a signed release from the health care professional to the school nurse's office, or report to the nurse free of symptoms

REMEMBER: -Medications must be kept in the school clinic with a doctor's and a parent's signature authorizing permission for dispensing the medication., including cough drops and other over the counter medicines.

-You know your children best, if they don't seem well, they probably aren't - keep them home and consult a health care professional if necessary.

****NOTE: PLEASE KEEP EMERGENCY PHONE NUMBERS CURRENT IN THE CLINIC - YOUR CHILD MAY NEED YOU!!**
