- I. Preliminary Department Budget Requests for 2012-13 were discussed and noted as being first drafts.
- II. Mr. Jones made mention that the campus performance for the Curriculum Assessment #3 was good, but that we did not yet have the results from District of the Absolute vs. AGI. There was discussion of CA#4 being twenty questions, as was CA #s 1, 2 and 3, so there is concern of the four-hour test to come.

No other items of concern were mentioned.
