

Power Your School

Dear School Principal,

Recently, Arlington ISD entered into an agreement with Reliant Energy to provide an easy fundraising program – **Power Your Schools**.

By simply registering their Reliant Energy account with the **Power Your School Program**, friends, families, alumni and supporters of your school can help to raise funds for the designated program on your campus that needs it most.

We'll donate **\$3 per month** for each account registered with the program, and an additional one-time donation of **\$25 for new customers**.

Why should you participate?

Because it's never been easier to raise funds for your school! Not only will your supporters get a great electricity plan and best in class customer service, they'll be able to donate by doing something they are already doing – paying their electric bill.

A dedicated website has already been set up for your school at www.reliant.com/pys. Your accrued donations will be disseminated by the school district to your school on a quarterly basis. It's that easy!

Enclosed you will find the following items in order to promote the program with your families, friends, alumni and supporters of your school.

- 6 posters to display in your school, promoting the program
- Flyers for every student in your school
- 24 – light bulb pencil sharpeners
- 5 – sticky note booklets

Should you have any questions about the program or need additional materials, please email us at pys@reliant.com.

Sincerely,

The Reliant Energy Power Your School Program
