District Intervention Team

Can you tell the difference?

- Edibles come in packaging, shapes, & colors that are attractive to children.
- THC edibles are illegal in the state of Texas.
- May be tainted with harmful chemicals or bacteria.

- THC in edibles can be absorbed differently if the user is on medication. This can cause THC levels to be dangerously high.

- It may take longer (30 min.-2hrs) to start feeling the effects of edible THC & longer for the effects to go away.

- If 50-100mg of edible THC is taken a person is likely to have altered perception & impaired coordination.
