

NHS Recruitment Process:

Each year in March, National Honor Society begins to recruit students who are in their sophomore year with a grade point average of 10.00

The Chapter Sponsors will run a report of all sophomore's GPAs and if they qualify, will deliver an invitation to their 2nd or 8th period teacher.

The Invitation will include a QR code. Students will scan the code, and fill out the online application. Once their application is complete, they will return their invitation (signed by a parent) to either of the Chapter Sponsors.

The Faculty Council (made up of 5 core teachers), will evaluate each application and teacher recommendation, to determine which students will be accepted into the Chapter.

Once a decision is made, about two weeks later, the sponsors will send out letters detailing the status of their application. If a student is selected, information about the required Induction Ceremony will be included in their letter.

Please feel free to contact, Ms. Peck or Mr. Howell with any questions regarding the Recruitment Process.
