APPLYING TO COLLEGE

When — Verify the application deadline. Some scholarships require admission. Getting your admission status early provides access to scholarship money.

Where — After you've narrowed down your choices, visit the campus. Seniors have one day per semester to visit a college campus. This day will NOT count against their attendance, or impact exam exemptions. Take advantage of this opportunity to see if you feel comfortable on the campus.

How — If you're applying for institutions in the state of Texas use the Apply Texas application. If you're applying to institutions out of state, you can use the Common Application (XELLO). Most institutions will accept one or both of those applications.
