## Seguin Chosen for National Testing

Seguin has been selected to participate in the National Assessment of Educational Progress (NAEP). This nationally administered test is given to random samples of high school students across the nation. The results are used to inform decisions about how to improve the education system in our country.

Seniors from Seguin have been randomly selected to participate in math, reading, and science assessments. We will test 80 students. Those students will be notified that they have been chosen and will test on February 19.

There is nothing additional required of the students or the parents. If your student is notified they have been chosen and you have questions, please feel free to contact us.

### SPOTLIGHT ON LITERACY

As you know, we've been focused on literacy skills. I am proud to report that our test scores for the district benchmark were the highest in English II and the 2<sup>nd</sup> highest for English I in the district!!! Hard work pays off!!!
