

2022-2023 Title I School-Parent-Student Compact

Webb Elementary School

What is a School-Parent-Student Compact?

Every student deserves the best education. Our annual school-parent-student compact offers ways that we can work together to help our students be confident and ready for their future. This compact will guide us on how we can work together to...

- Help student reach their academic goals
- Focus on student learning
- Explain how teachers and parents can communicate about student progress
- Describe opportunities to be a part of the school

Compacts are Jointly Developed

Working together is important. Parents and teachers have worked together on this compact to list ways we can help students. Our school receives money from the federal government under Title I, Part A of Every Students Succeeds Act to help students meet the State's high standards and invites parents to be a part of the school's community. This compact goes with our Campus Family Engagement Policy and District Family Engagement Policy.

Compacts build Partnerships

Caring adults are essential to helping students learn. We are always looking for volunteers and of course, you can arrange to come observe classroom activities. This year the community health conditions may change the way adults can volunteer and visit the school, however, we are committed to building a partnership with all parents and families. Here are a few of the main events that we can partner together to help students learn and show them we care about their education.

Math Activity Night October 27, 2022

Science Activity Night November 9, 2022

Reading Activity Night February 2023

Communication about Student Learning

We are committed to talking with you about your student's learning. Here are some ways we can make sure that we are communicating regularly about your student's progress:

- Parent Self-Serve
- Progress Reports and Report Cards in six-week intervals
- Parent-Teacher Conferences- We will discuss your student's progress and this compact. Please contact your child's teacher by Class Dojo, e-mail and by phone.
- You can contact us through these apps or by emailing your student's teacher.
- *Webb staff will use Class Dojo, Facebook, Blackboard, email and phone calls.*

Goals

We know you have goals for your student and we do too. We provide excellent curriculum and teaching to help your student meet the State's high standards. Your student's teacher will be glad to show you what materials and programs we use.

District Goal

100% of AISD students will graduate exceptionally prepared for college, career, and citizenship

School goals and focus areas of learning

Goals:

Our goals for this school year are for all students to show growth in the areas of reading, math, and science. Students in grades K-6 will use DRAs/EDLs, NWEA MAP, and mClass to monitor growth and progress. Students in grades 3-6 will use district assessments to monitor growth progress. PreK students will use CLI.

Focus Areas of Learning:

Our two academic focus areas for 2022-2023 are reading and math. Two of our academic nights are tied to these academic areas of our school.

Because every student deserves the best education, together, we commit to the following:

Teachers will...

- host grade level Math and Reading nights to share strategies with parents.
- provide small group instruction for reading and math to address students' individual needs.
- communicate with parents on students' successes and growth areas via conferences, phone calls, Class Dojo and email.

• Parents can...

- ensure students are completing their assignments at home.
- read for 20 minutes and practice math facts with their child daily.
- attend academic nights to support their child's learning.

• Students can...

- complete their assignments at home and in class.
- read for 20 minutes and practice their math facts daily.
- be an active participant in class during instructional time.

Together, we'll make sure your child has the best education.
