Discussion Item

Subject: Long-Range Financial Planning

Purpose:

To present the Board with a four-year budget forecast and discuss long-range financial priorities and challenges

Background:

Thoughtful long-range planning is essential to ensure the District remains fiscally sound and uses resources effectively to accomplish the strategic plan goal that "100% of AISD students will graduate exceptionally prepared for college, career and citizenship." Consideration must be given to strategic plan strategies, the state school finance system, capital needs and stakeholder priorities. Resources, including staffing, must be aligned to curriculum outcomes and instructional priorities.

Board Policy CE (LOCAL) sets forth the following parameters for developing and adopting District budgets:

- Target resources to support achievement growth
- Competitive compensation
- Staffing ratios approved before staffing process begins
- Balanced budget with limited use of fund balance
- Prioritize budget reductions with least negative impact on classroom

The administration will present a four-year budget forecast, financial priorities and long-range financial challenges.
