**Discussion / Action Item** 

Subject: Consider a Resolution of the Board of Trustees Regarding State Accountability

<u>**Purpose</u>**: To consider a resolution of the Board of Trustees that State accountability should be suspended for the 2020-21 school year</u>

**Background:** Arlington ISD canceled classes for the period March 16, 2020 through March 29, 2020 due to the COVID-19 pandemic emergency. On March 19, 2020, Governor Greg Abbott ordered the temporary closure of all Texas schools to help mitigate the spread of the virus. Two subsequent executive orders have been issued by Governor Abbott extending the school closures, with the most recent order closing schools through the end of the 2019-20 school year.

Instruction in Arlington ISD transitioned to an on-line environment on March 17, 2020. The following day, the Texas Education Agency Commissioner announced that administration of STAAR exams would be canceled for spring 2020, and school districts and campuses would be assigned ratings of "Not Rated: Declared State of Disaster" for 2020.

A task force of district administrators, teachers and parents is developing plans to re-open Arlington ISD schools for the 2020-21 school year. Across the state, campus operations will be dramatically modified to keep students and staff safe at school. In-person instruction may be disrupted occasionally during the year if a school experiences an outbreak of COVID-19.

Given the disruption of instruction and assessments in spring 2020, state testing and the assignment of accountability ratings in 2021 will be counterproductive and divert attention away from instructional recovery efforts that will be required during the 2020-21 school year.

A resolution calling for the suspension of state accountability in the 2020-21 school year has been prepared for the Board's consideration.

**<u>Recommendation</u>**: Administration recommends that the Board approve a resolution that State accountability should be suspended for the 2020-21 school year to allow school districts to focus on interventions necessary to recover instructional gaps resulting from school closures caused by COVID-19.

## RE: Bid 20-30 Electrical Supplies for Inventory and Catalog

Bid Number **20-30** is an annual contract for electrical supplies for inventory. ## RE: Bid 20-31 Tools for Inventory and Catalog

Bid Number **20-31** is an annual contract for tools maintained in inventory. In addition to the inventory line items, the bid asked for a discount from the vendor's catalog, price list or shelf price. This will allow the District to purchase items which are not identified at this time.

It is recommended that the low bids meeting specifications be awarded by line item, and all vendors meeting specifications be approved for catalog purchase.

RE: Bid 20-32 Door Hardware & Accessories for Inventory & Catalog

Bid Number **20-32** is an annual contract for door hardware & accessories for inventory. In addition to the inventory line items, the bid asked for a discount from the vendor's catalog, price list or shelf price. This will allow the District to purchase items which are not identified at this time. The item marked with an asterisk was a tie-bid, awarded to the local vendor.

It is recommended that the low bids meeting specifications be awarded by line item, and all vendors meeting specifications be approved for catalog purchasing.

# RE: BID 20-33 Maintenance Supplies for Inventory and Catalog

Bid Number **20-33** is an annual contract for maintenance supplies for inventory. In addition to the inventory line items, the bid asked for a discount from the vendor's catalog, price list or shelf price. This will allow the District to purchase items, which are not identified at this time.

It is recommended that the low bids meeting specifications be awarded by line item, and all vendors meeting specifications be approved for catalog purchasing.

DISCUSSION:

A. 2020-2021 Board of Trustees Meeting Calendar

Dr. Cavazos reported that Mrs. Benjamin and others had reviewed the proposed calendar for potential conflicts such as trainings and conferences. The calendar will be brought back at the next meeting as an action item. Board members were encouraged to submit any questions or recommendations.

B. Pandemic Emergency Action/Plan Update

Dr. Cavazos reported that this presentation was a review of where the District is and preparations for next year. Students will have academic and instructional gaps because of the closure. The most effective instruction is in the classroom with the teacher providing guidance for learning and growth. He thanked staff at all levels for the exceptional work of creating, innovating, and maintaining student learning. He also thanked students and families for their patience.

Mrs. Powell provided an update on the operational response to the closure. Students will be returning district items such as instruments, uniforms, textbooks and library books. They may continue to use technology devices through the summer. AISD served 1,314,964 meals since March 16, 2020 and will continue to provide meals, transitioning to the summer distribution schedule effective June 1, 2020. Recent updates from Commissioner Morath were that TEA would hold all districts harmless to House Bill 3 this year and next year, with the state sustaining the funding through the Foundation School Program. Texas is creating a program to reimburse school districts up to 75% of all COVID-related

Minutes – Regular Meeting May 21, 2020 Page 4 of 5

expenses incurred through May 20, 2020. The state budget will be difficult in the next biennium, so districts should budget conservatively in 2020-2021. The district will apply for funds as available through the Elementary and Secondary School Emergency Relief Fund (ESSER), the Coronavirus Relief Fund and the Federal Emergency Management Agency (FEMA).

Chief Academic Officer Dr. Wurtz presented a review of the instructional response to the closure. Phase Four provides gap instruction and preparation for the upcoming school year. AISD is offering virtual summer school and extended year learning, which includes credit recovery and acceleration opportunities. TEA is providing online at-home learning packets for all families that will be linked to the AISD At-Home Learning Hub. AISD 2020 graduations are scheduled for June 5-7, 2020 at AT&T Stadium. AISD is following TEA guidelines for outdoor graduations with fidelity, working to ensure the safety and well-being of all participants. Additional information regarding graduations is available on the website at <u>www.aisd.net/graduation</u> and ceremonies will be available to watch online.

Assistant Superintendent of Administration Dr. Hill presented planning for summer instruction and 2020-21 school operations. A school operations task force was formed with the goal to collaboratively prepare for all aspects of school operations in AISD in the wake of COVID-19 impact for the 2020-2021 school year. Focus areas for the task force include:

- Curriculum and instruction
- Campus operations
- District operations
- Food and nutrition services
- Extracurricular activities
- Community engagement
- Technology
- Human resources
- Summer calendar

TEA provided a six-page document that is serving as a guideline for the task force initial planning. A limited and controlled summer program schedule is being developed.

Assistant Superintendent of Research and Accountability Dr. Barlow presented survey feedback and accountability information. Parent, teacher and student surveys are being deployed to gather feedback regarding their experience with the current closures and returning to school in 2020-2021. Accountability and interpreting data for 2019-2020 as well as 2020-2021 will be challenging and the standard will different from previous years. Research shows that school closures could have a devastating impact on student achievement. Students could return nearly a full year behind and districts must change practices to address this. Closures historically affected learning in reading and math most. Dr. Barlow reviewed comparison data and predictive models for student gaps. For accountability purposes, academic growth will not be able to be calculated in next year's system as students will not have a previous year STAAR score and 2020 graduates will have missed opportunities to earn CCMR points. Districts can have testing and data analysis to guide instruction without the high-stakes consequences tied to state accountability.

Board members expressed their concerns for the operational and accountability expectations as completely unrealistic. The TEA guidelines do not provide support documentation from the CDC or physicians. They shared their appreciation for staff continuing to work and prepare and thanked staff for following protocols to provide as safe an environment as possible.

#### OPEN FORUM FOR NON-AGENDA ITEMS: None

#### SUPERITNENDENT REPORT:

Superintendent Cavazos thanked the entire AISD team, students and parents for their continued patience. He said AISD has the right team and they will continue to make adjustments as appropriate. He thanked the Board, especially during this difficult time, for their strong leadership. Dr. Cavazos also thanked Charlotte Jones, the Dallas Cowboys and the Jones family for donating the use of AT&T Stadium for the graduation ceremonies. He is looking forward to seeing the students as the class of 2020 celebrates their accomplishments, perseverance and leadership.

#### BOARD REPORTS:

Mrs. Fowler reported that she has received a lot of calls, texts and emails from senior parents. They are appreciative and thankful of the opportunity for students to have graduation ceremonies.

President Mays thanked Congressman Veasey for conducting the swearing in ceremony for herself and Mr. Hogg. She also thanked her colleagues for their confidence in her to continue to lead the Trustees. They have true servant hearts and appreciate working with the administrative staff. She shared her appreciation for the upcoming graduation ceremonies and said she is still responding to all the good emails. Minutes – Regular Meeting May 21, 2020 Page 5 of 5
