RE: Bid Number **20-68** Library Books (Jobbers)

Bid Number **20-68** is an annual contract for elementary and secondary library books. The bid asked for a discount from the jobber's price list. The jobber has a contract with the publishers to sell their books at a fixed discount as opposed to a sliding scale discount. The bid is for complete library book processing. Complete processing includes a spice label, bar code label, book jacket (when applicable) and a complete MARC (machine readable cataloging) record.

Vendors marked with one asterisk were not as specified due to not submitting the required bid documents or responded to the incorrect commodity for the bid.

It is recommended that all vendors meeting specifications be approved.

RE: Bid Number **20-69** Spring Athletic Sports Supplies & Catalog

Bid Number **20-69** is an annual contract for spring athletic sports supplies. The supplies for this bid will be bought for baseball, softball, gymnastics, soccer, swimming, track and wrestling. In addition to the inventory line items, the bid asked for a discount from the vendor's catalog, price list or shelf price. This will allow the District to purchase items which are not identified at this time. Items marked with one asterisk were not as specified due to incorrect brand or package quantity.

It is recommended that the low bids meeting specifications be awarded by line item, and that all vendors meeting specifications submitting catalog bids be approved.

Subject: Consider an Easement and Right-of-Way for a 3,499 square foot (0.080 acres) tract of land situated in the William Mask Survey, Abstract No. 1041, in the City of Arlington, Tarrant County, Texas, and being a portion of a called 16.59 acre tract of land described as Lot S, Scots Wood Estates, as recorded in Volume 388-47, Page 360, Plat Records, Tarrant County, Texas

<u>Purpose</u>: To provide the Board of Trustees the opportunity to consider granting an easement and right-of-way to Oncor Electric Delivery Company LLC, for a 3,499 square foot (0.080 acres) tract of land situated in the William Mask Survey, Abstract No. 1041, in the City of Arlington, Tarrant County, Texas, and being a portion of a called 16.59 acre tract of land described as Lot S, Scots Wood Estates, as recorded in Volume 388-47, Page 360, Plat Records, Tarrant County, Texas.

<u>Background</u>: The District is constructing an addition at the Gunn Fine Arts & Dual Language Academy. Oncor Electric Delivery Company LLC requires an easement and right-of-way for underground electric supply and communications lines, consisting of a variable number of wires and cables, surface mounted equipment, conduits, manholes, vaults, transformers, switches, switchgears, auto-transformers, protection, sectionalizing devices and all necessary or desirable appurtenances over, under, across and upon the subject property.

Arlington Independent School District Board of Trustees Communication

Meeting Date: June 23, 2020

Consent Item

Subject: Consider Revising the Method of Procurement for 2019 Bond Program, Phase I – Bid Package 10, Projects 1 and 2, Martin HS and District Stadium Addition and Renovations Projects

<u>Purpose</u>: To provide the Board of Trustees the opportunity to review and approve revising the method of procurement for 2019 Bond Program, Phase I – Bid Package 10, Project 1 and 2, Martin HS and District Stadium Addition and Renovations Projects.

<u>Background</u>: Board Policy CV (Local) requires, "the Board shall determine the project delivery/contract award method to be used for each construction contract valued at or above \$50,000. To assist the Board, the Superintendent shall recommend the project delivery/contract award method that he or she determines provides the best value to the District."

On February 6, 2020, the Board of Trustees approved the method of procurement (MOP) for certain phase I projects in the 2019 Bond Program. The projects were included in bid packages 6, 7, 8, 9, 10, and 11. Bid packages 6, 7, 8, 9, and 11, were approved for Competitive Sealed Proposal (CSP). Bid package 10 was approved for Construction Manager-at-Risk (CMAR). Originally, it was determined that the construction complexity and challenging project schedule of bid package 10 warranted selecting the CMAR process for the method of procurement. However, after a thorough review of the project scope, schedule, and current construction market conditions, the District's administration and architect agree that greater value can be realized by changing the method of procurement to CSP from CMAR.

Included herewith is a memorandum with a brief description of the two most commonly used construction procurement methods and a recommendation explaining why CSP is considered the procurement method that will provide the best value for the Phase I – Bid Packages 10, Martin HS and District Stadium Projects.

Recommendation: Administration recommends revising the method of procurement to Competitive Sealed Proposal (CSP) for the 2019 Bond Program, Phase I – Bid Packages 10, Project 1 and 2, Martin HS and District Stadium Additions and Renovations Project.

SUBJECT: 2019 Bond Program, Phase I, Bid Package 10 Construction Method of Procurement

State law sets forth eight procurement methods that governmental entities, including school districts, can use to procure construction services. As summarized in Board Policy CV (LEGAL), the law requires all district construction contracts valued at \$50,000 or more in the aggregate for each 12 month period to be made by the method that provides the best value to the district, and the Board must declare the procurement method to be used for each project. The two methods used most commonly statewide are Competitive Sealed Proposal and Construction Manager-at-Risk. Following is a brief description of these procurement methods and recommendation for revising the procurement method for the Phase I Bid Package 10 construction project in the 2019 Bond Program.

Competitive Sealed Proposal (CSP)

CSP is a delivery method similar to competitive bidding in that the District selects an Architect/Engineer to design the project. Once the construction documents are fully completed, the District solicits proposals from contractors to perform the work. Selection is generally based on a combination of price and other factors that the District deems in its best interest, such as project team personnel, schedule, contractors past experience, etc.

Construction Manager-at-Risk (CMAR)

CMAR is a delivery method wherein the Construction Manager-at-Risk serves as the General Contractor assuming the risk for construction guaranteed price and provides design phase consultation in evaluating costs, schedule, implications of alternative designs and systems and materials during and after design of the facility.

Procurement Method Recommendation for 2019 Bond Program, Phase I, Bid Package 10 Projects:

Competitive Sealed Proposal (CSP) Recommendation:

Administration recommends revising the method of procurement to Competitive Sealed Proposal (CSP) for the 2019 Bond Program, Phase I, Bid Package 10, Projects 1 and 2, Martin High School and District Stadium Additions and Renovations Projects. These projects include additions, renovations, and deficiency and life cycle replacement. Project phasing and scheduling are simplified and defined. Administration and the project architect have determined that the current construction market is more favorable for CSP project delivery with potentially greater value to be achieved as a result of more aggressive and competitive pricing:

PHASE, BID PKG. & PROJECT #	FACILITY	PROJECT TYPE	CONSTRUCTION BUDGET
PH1 – BP10 – Project 1	Martin High School	Addition, Renovation, Condition Deficiency and Life Cycle Replacement	\$10,060,000.
PH1 – BP10 – Project 2	New District Stadium (Martin HS)	Addition and Renovation	\$17,840,500.
