**Arlington Independent School District
Board of Trustees Communication**

Meeting Date: August 19, 2021

Discussion-Action Item

Subject: COVID-19 Virtual Learning Options Update

Purpose:

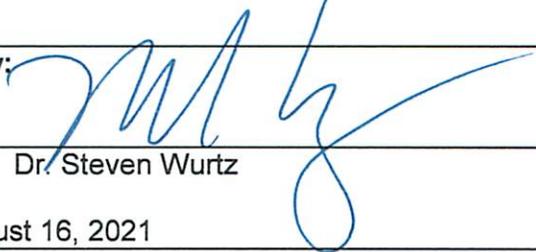

To provide the Board of Trustees with an overview of Arlington ISD's virtual learning options for the beginning of the 2021-2022 school year.

Background:

Virtual learning options are currently unfunded by the state. However, in response to the increased infection rate of COVID-19 in Tarrant county and the current lack of voluntary vaccination opportunities for students in grades PK-6, Arlington ISD is considering a temporary virtual learning option to accommodate PK-6 students' learning needs.

Recommendation:

The administration recommends the Board approve the proposed virtual learning options for students in grades PK-6 as presented.

Subject: Change Order #2 Amending the Contract Amount and Final Completion Date for the 2019 Bond Construction Project for the Enterprise Centre Project, Phase I - Bid Package 4

Purpose: To give the Board of Trustees the opportunity to consider and act on Change Order #2 amending the contract amount and final completion date for the 2019 Bond Construction Project for the Enterprise Centre Project, Phase I – Bid Package 4.

Background: As a part of the renovation, deficiency and life cycle improvements at the Enterprise Centre, the General Contractor, Key Construction of Texas (Key) has incurred certain unforeseen conditions and been requested to make minor modifications to the 2nd and 3rd floors that cannot be funded through the original, Board approved, construction contract. These changes include site changes to address requests by the City of Arlington and the accessibility specialist to complete the project and receive a certificate of occupancy. Additionally, there are minor modifications to mechanical, electrical, technology, and structure to accommodate recent staffing changes. Finally, an extension of the roof lightning protection system is being added to protect new mechanical equipment. Key has submitted Change Order #2 for the Enterprise Centre project for \$191,228.16. This change order is comprised of four main items summarized in the table below.

In addition to the cost impact of addressing these changes, there is a need to allow Key additional time to complete this work. The CSP agreement, approved by the Board of Trustees on May 20, 2020, provided for a substantial completion date of May 31, 2021, and a final completion date of July 30, 2021. Key achieved substantial completion, as required. It is necessary to extend the final completion date for the project by an additional 60 days. Key has submitted Change Order #2 to amend the contract amount and the final completion date.

Corgan, the project architect, has reviewed the change order and validated the costs with Key and AISD staff.
Change Order Summary:

Item	Description	Cost
1.01	Site improvements to install new fence, bollards, ADA handrail, sod, and paving repair to address City of Arlington and accessibility requests	\$ 34,920.00
1.02	Interior modifications to mechanical, electrical, technology, and structure to support staffing changes for the 2 nd and 3 rd floors	\$ 71,211.08
1.03	Extension of existing roof lightning protection system to protect new mechanical system	\$ 12,287.70
1.04	Fees for Bonding, Insurance, and Contractor Overhead & Profit	\$ 72,809.38
Total of Change Order #2		\$ 191,228.16

Attached are letters from Corgan and Key explaining the need for Change Order #2. The original contract amount for the project was \$11,930,668.00. The Board of Trustees approved Change Order #1 on February 18, 2021, in the amount of \$231,431.39. The revised contract amount was \$12,162,099.39. Administration is seeking Board approval for Change Order #2 for \$191,228.16. Pending approval of Change Order #2 the amended contract amount will be \$12,353,327.55 and the new final completion date will be September 28, 2021.

Wm. Kelly Horn
Executive Director of Plant Services
Arlington ISD
1201 Colorado Lane
Arlington, Texas 76015

Dear Mr. Horn:

As the Arlington ISD Enterprise Centre project draws to a close, there are a few items that represent unforeseen conditions that must be completed to address changes requested by the City of Arlington and the TAS (Texas Accessibility Specialist) reviewer to receive the certificate of occupancy and final completion. Additionally, there are minor modifications being made to the 2nd and 3rd Floors to accommodate recent changes to staffing. These changes cannot be supported with the remaining Project Contingency funds and require the approval of Change Order #2.

We have thoroughly reviewed the contingency log with the contractor including all pending and forthcoming items and recommend the following be addressed:

Item 1: Site Improvements including fence, bollard installation, and minor paving repairs around the Emergency Generator and Transformer yard. Additionally, installation of a new guard rail at the sidewalk and the drainage flume for pedestrian protection and additional sod for the disturbed areas around the site.

Key Construction is requesting \$34,920.00 for this scope of work.

Item 2: Interior renovations including additional offices on Floors 2 and 3 with the associated MEP, technology, and structural work necessary to create and support the modified spaces. Additionally, minor wall modifications and patching at elevator lobbies due to elevator replacement by the District's contractor and seating arms of Board area seating will be addressed.

Key Construction is requesting \$71,211.08 for this scope of work.

Item 3: Extension of existing lighting protection on roof to protect the new mechanical equipment.

Key Construction is requesting \$12,287.70 for this scope of work.

Item 4: Contractor's General Conditions, Bonds, Insurance, Overhead and Profit associated with change in scope and construction costs for the project.

Key Construction is requesting \$72,809.38 for this scope of work.

Due to these unforeseen conditions, we recommend for consideration and approval Change Order #2 for \$191,228.16 to address the conditions identified and add 60 days to extend the final completion date of the contract to September 28, 2021.

Sincerely,

Dear Mr. Horn,

This letter is to inform you of certain unforeseen conditions related to the Arlington ISD Enterprise Centre project that cannot be supported with the remaining Project Contingency funds.

After a thorough review of the pending and potential changes remaining on the contingency log with the architect, we recommend the following.

Item 1: Site improvements including replacement and extension of existing fencing surrounding the Emergency Generator and Transformer yard. The existing wood fence is in poor condition and requires extension to encompass the new generator location. The scope includes three bollards to protect the new generator and minor paving repairs. Additional site improvements included are installing a new guard rail at the sidewalk and the drainage flume for pedestrian protection and additional sod around the site.

Cost proposed to furnish the scope above: \$34,920.00

Item 2: Interior renovations including additional offices on Floors 2 and 3. This scope of work includes modifications pertaining to ceilings, fire alarm, fire sprinkler, HVAC, electrical, data connections, as well as removing and relocating markerboards, patching and painting walls, and additional room signage, light fixtures, controls, window film and art rail. Also included in scope is wall patching at elevator lobbies due to replacement by others and additional arms for the board room seating.

Cost proposed to furnish the scope above: \$71,211.08

Item 3: Extension of existing lightning protection on roof

Cost proposed to furnish the scope above: \$12,287.70

Item 4: Key Construction's general conditions, bonds, insurance, overhead and profit associated with change in scope and construction costs for the project.

Costs associated \$72,809.38

Please let us know at your earliest opportunity if these costs are approved and provide a written notice to proceed so that we may begin procurement and schedule the work.

Subject: Consider Master Interlocal Agreement with Education Service Center Region X and Region XI

Purpose:

To provide the Board of Trustees the opportunity to review and approve requests to enter into interlocal agreements for purchasing cooperatives.

Background:

To increase the efficiencies and to secure the most favorable pricing for goods and services, the District seeks to enter into an interlocal with Region X and Region XI Education Service Centers (ESCs). The Master Interlocal Agreement grants the District legal access to all goods and services bid and offered through the cooperative.

The District was asked to update the interlocal with Region XI as they are updating their software. Although we have used Region X for their Multi-Region Cooperative, we do not have a Master Interlocal Agreement in place for all other services.

Cooperative Purchasing programs are authorized in Section 791.001 of the Texas Government Code.

Recommendation:

The Administration recommends that the Board approve the master interlocal agreements with Education Service Center Region X and Region XI.
