PUBLIC HEARING:

A. Optional Flexible School Day Program 2021-2022

President Fowler opened the Public Hearing regarding Optional Flexible School Day Program 2021-2022 at 8:15 p.m.

Chief Academic Officer Dr. Wurtz presented a report on the optional flexible school day program for the 2021-2022 school year. During the 2021-2022 school year, 313 students were enrolled as *flexible attendance* students at 600 New York completing 1,482 classes. Seven additional students remained on their home campus for instruction. A total of 320 students participated in the Optional Flexible School Day Program. This year 160 of those students graduated. Eighty-seven students are currently still enrolled at either the dropout prevention center or their home campus. Fifty-one students have dropped out of the program. Those students are among the most vulnerable students in the district and include students who have completed all course work, but have not passed state mandated tests.

During the 2021-2022 academic year, one hundred students were enrolled as flexible attendance students at Arlington Collegiate High School participating in the Optional Flexible School Day Program. All of these students graduated in June 2022. They were able to participate in a variety of college courses offered during traditional school hours as well as non-traditional hours. The Optional Flexible School Day Program allowed students to participate in non-traditional course times that included evening classes, Saturday classes, and online classes. Students had the flexibility to take courses at Arlington Collegiate High School, the Dan Dipert Career and Technical Center, multiple Tarrant County College campuses, the University of Texas at Arlington, and Texas Wesleyan University. This flexibility helped all students to acquire their high school diplomas as well as allowing most of the class of 2022

to earn their associate's degree.

There were no speakers from the audience, and Ms. Fowler closed the Public Hearing at 8:18 p.m.

B. Optional Flexible School Day Program 2022-2023

President Fowler opened the Public Hearing regarding Optional Flexible School Day Program 2022-2023 at 8:18 p.m.

Dr. Wurtz presented the plans for the optional flexible school day program for the 2022-2023 school year. The Optional Flexible School Day Program may be implemented for students in grades nine through twelve who are at risk of dropping out of school, participating in an approved early college high school plan, attending a state-approved innovative redesigned school, and/or require an alternate academic route due to denial of credit in one or more classes because of not meeting state attendance requirements.

For the upcoming year, AISD will continue to rely on this program for the district's Early College High School students, Venture students and traditional high school students needing a flexible schedule. In doing so, the Optional Flexible School Day Program will grant students in these transformational programs access to a flexible schedule beyond that of a traditional 180 day/five days per week requirement, including: courses on weekends, night classes, extended day classes, and flexible schedules throughout the year to accommodate courses beyond the traditional 18-week semester. Under the Optional Flexible School Day Program designation, the school district may receive funding based on the actual time a student is in attendance from as low as forty-five minutes a day to a maximum of ten hours a day. Minutes are accumulated to maximize the average daily attendance (ADA) a student can earn during the twelve-month period. Students must apply to participate. They must meet eligibility requirements and be afforded certified instructors in all educational services for which they are eligible, as well as comply with the appropriate assessments during the regularly scheduled assessment period.

There were no speakers from the audience, and Ms. Fowler closed the Public Hearing at 8:20 p.m.

A. Consider Revision to Board Policy DNA (LOCAL) – Performance Appraisal Evaluation of Teachers

Chief Schools Officer Dr. Tracie Brown presented the changes recommended to Board Policy DNA (LOCAL). The Texas Teacher Evaluation and Support System (T-TESS) was designed to provide continuous, timely and formative feedback to educators so they can improve their practice. Following meetings with teachers, principals and central office leaders, it was recommended that eligible teachers be appraised every three years. In order to be eligible for less than annual appraisals, teachers must be employed in AISD for a minimum of three years, be employed on an educator term contract, hold SBEC certification, be assigned to his/her certification area, and engage in an annual review process with assigned administrator.

DISCUSSION:

B. Arlington ISD Coaching Model Update

Chief Academic Officer Dr. Wurtz and Chief Schools Officer Dr. Brown presented an update on the AISD coaching model and its integrated role in the development of teachers and leaders. Dr. Wurtz reported that coaching is around a growth mindset to build on strengths and promote teacher agency in the learning process. It is goal-centered, evidence-based, scheduled and intentional. He reviewed the AISD coaching and feedback cycle with coaching stages.

Dr. Brown reported that the coaching cycle involves setting a specific goal or target for literacy or math instruction. A walkthrough with feedback session is less formal than in the coaching cycle. It is an informal visit that provides an opportunity to gather evidence in instruction over a series of short, but purposeful classroom visits. For the 2022-2023 school year, observation and feedback sessions will be implemented for all teachers to strengthen teaching and learning. These are not an addition, but a deeper dive into AISD's *Focus Five*.

8:51 p.m. Trustee Mays experienced difficulty with the sound on the virtual connection.

Coaching on best practices will be provided through AISD staff and engage2learn coaches. Dr. Wurtz reported that through an eSuite reports dashboard, AISD will monitor the process and learner impact.

8:56 p.m. Due to technical difficulty Trustee Mays was disconnected from meeting.

8:58 p.m. Trustee Mays rejoined the meeting via video conference.

Dr. Wurtz reported that coaching provides teachers with support for growth and improves teacher retention.

OPEN FORUM FOR NON-AGENDA ITEMS:

Richard Weber spoke regarding communication.

SUPERINTENDENT'S REPORT:

Superintendent Cavazos reported that the district had the Wall of Fame induction ceremony. This event honors staff and students for their outstanding achievements.

AISD honored seniors with eight graduation ceremonies over two days. It was an exciting time for everyone, and an honor for Dr. Cavazos and the Board of Trustees to take part in the events. There were six graduations at a new location as all six traditional high schools graduated at Globe Life Field. The graduation ceremonies for Arlington Collegiate High School and Venture High Schooler were at the AISD Center for Visual and Performing Arts. Superintendent Cavazos congratulated all of AISD's outstanding seniors.

In his previous superintendent's report, Dr. Cavazos briefly talked about four students who will be attending Ivy League colleges. There is a story about the four of them on AISD's *Looped In* blog and next month they will be on the cover of *Arlington Today* magazine. Dr. Cavazos congratulated the

students and AISD is proud of all of them.

Dr. Cavazos and the Board were in San Antonio at the Summer Leadership Institute, the flagship event for the Texas Association of School Boards. The SLI conference also provided a great opportunity to talk about the school district. Dr. Cavazos and Trustees were the speakers for two presentations, one about the *Powered By Possibilities* strategic plan and another on how the district has dealt with the uncertain financial times with the aid of the VATRE and our ESSER funds. Superintendent Cavazos thanked the Board for leading and learning.

SCHOOL BOARD'S REPORT:

Mrs. Mays reported that she attended the one-day district leadership training for AVID with staff from Arlington High and Sam Houston High. AVID can ensure student success and help close the educational gap for first generation students. She learned a lot and is choosing to allow principals to continue being the principals, a challenging position. On Monday, for the celebration of the American Holiday of Juneteenth, she was not well and did not get to go out and enjoy events. She did, however, watch events on television, see notes on FaceBook and enjoyed watching different people, different nationalities and from different states celebrating Juneteenth. In education, history is pivotal and some things we do not want to happen again. All people make the fabric of red, white, and blue. Mrs. Mays quoted President Obama, "Juneteenth has never been a celebration of victory, or an acceptance of the way things are. Instead, it's a celebration of progress. It's an affirmation that despite the most painful parts of our history, change is possible." Mrs. Mays said that things do get better, America can change. Changes may be incremental, but change is change and she is very excited to see America celebrate and embrace it.

Secretary McMurrough had no items to report.

President Fowler adjourned the meeting at 9:30 p.m. The Board did not return to closed session.

DISCUSSION / ACTION:

A. 2019 Bond Update

Assistant Superintendent of Facility Services Kelly Horn presented an update on the economic impacts of inflation and supply chair interruptions to the progress of the 2019 bond program work. In November 2019 the community of Arlington approved a bond to fund a comprehensive program of new construction, facility additions, renovations, condition deficiency and life cycle replacement projects to address facility needs as identified by the Capital Needs Steering Committee. For more than two years there has been unprecedented construction inflation, as reported by the Associated General Contractors of America (AGC). Mr. Horn reviewed the status of the bond work by phase and a timeline showing the impact on construction costs. Administration recommended a plan of action to realign the remaining bond projects according to critical program and infrastructure needs, while working to avoid additional inflationary impacts. The plan includes proceeding with all bond projects, completing bond projects currently under construction, and prioritizing projects based on critical programming and educational adequacy needs.

Motion by Dr. Reich, second by Kecia Mays, to approve the administration's recommendations for the bond adjustments as presented.

DISCUSSION:

A. House Bill 3 and District Improvement Plan Progress Monitoring Update

Chief Academic Officer Dr. Wurtz, Chief Schools Officer Dr. Brown and Assistant Superintendent of Research and Accountability Dr. Lopez presented an update on District progress pertaining to student outcome targets adopted for the 2021-2022 school year, including preliminary STAAR results.

Dr. Wurtz provided an overview of the instructional focus on progress monitoring of math and literacy, implementation of systems to support acceleration and continuous improvement. He presented the prekindergarten through second grade performance data including District goals and student progress toward the goals. He reviewed the STAAR scores for third through eighth graders, the STAAR end-of-course scores for high school students. Students exceeded overall district goals for year one in reading and mathematics and showed improvement in science and social studies.

Dr. Lopez reviewed the A-F accountability rating structure, including the three domains to measure student achievement, school progress and closing gaps. The A-F district projection for 2022 is an overall grade of 85 (B). Thirteen schools are projected to receive an "A" rating, thirty-seven are projected to receive a "B" rating, eighteen are projected to receive a "C" rating, four are projected to receive a "Not Rated" rating, and no schools are projected to receive an "F" rating. Dr. Lopez reported that the District had a strong response to the call for growth, accelerated gains in reading back to 2019 levels, and was on the path to 2019 values for math and science.

Dr. Brown provided some campus highlights and noted that the District focus had been on growth. All previously "D" or "F" rated schools were projected to receive a "B" or "C" rating. The AISD has no failing schools. The Strategic Support Network (SSN) continued to provide supports to identified campuses and all of those campuses are projected to receive either a "B" or "C" rating. Dr. Brown highlighted improvement by Short Elementary in moving from a two-year "F" rated school to a projected "B" rating. She also highlighted improvement by Remynse Elementary and Morton Elementary with 82 percent of students achieving their individual growth targets. Sixty-eight percent of schools increased from their 2019 overall score, and seventy-eight percent of the schools increased their 2019 overall score by a letter grade or more. Dr. Brown reported that the priority work this year and moving forward is student goal tracking, DDI (data drive instruction) implementation and LAFA (lesson alignment and formative assessment).

SUPERINTENDENT'S REPORT:

Dr. Cavazos congratulated everyone involved for making Camp Innovation at the Dan Dipert Career and Technical Center such a success. Over three weeks more than 500 students representing more than 70 AISD campuses attended the camp that focused on innovative problem solving and critical thinking with technology. Students in fifth through tenth grade attended the free camp and worked with robots, drones and other gadgets. There was also coding and programming.

Martin High School recently hosted a camp for quantum physics. Like Camp Innovation, there was a heavy focus on STEM as the week-long camp had a focus on modern physics and physics experiments. There was engineering design, 3-D planning, more codding and work on internet security. This camp is part of the Quantum for All program at UT-Arlington. The camp director is Dr. Karen Jo Matsler, who used to teach at Lamar High School.

Superintendent Cavazos thanked First Christian Church for the continued support of Blanton Elementary. The church continued its annual traditional of partnering with the school to send sixty students to Tarrant County College as part of the College for Kids program. The three-week program allows elementary students to take classes like robotics and theater at TCC's Southeast campus. The Blanton campers were fully sponsored, and transportation was also provided at no cost, allowing some

Minutes – Called Meeting June 28, 2022 Page 4 of 4

of AISD's younger leaners an opportunity to see what college is all about. More than 500 Blanton students have participated in the program, which was paused for two years because of the pandemic.

SCHOOL BOARD'S REPORT:

Mrs. McMurrough reported that she took her son to Morton Elementary School to visit the Arlo Bookmobile. The AISD library media services department with a grant from the AISD Education Foundation provide this service as they drive around Arlington through the summer to give away books. On Saturday, July 2, 2022 the bookmobile will be at Anderson Elementary from 9:00 – 10:00 a.m., at Trinity Trace Apartments from 10:30 – 11:00 a.m. and at the Arbrook Park Apartments from 11:15 – 11:45 a.m. Mrs. McMurrough appreciates this work, and specifically Lesley Cano, spreading literacy all over Arlington.

Secretary McMurrough reported Mr. Wilbanks' request for screener goal data from Dr. Wurtz to be emailed to Board of Trustees.

President Fowler wished everyone a safe 4th of July and asked them to watch for the AISD float in the parade. The AISD Trustees will be on the float with the schoolhouse and the ringing bell.

ADJOURNMENT:

President Fowler adjourned the meeting at 9:56 p.m. The Board did not return to closed session.

Market Recap

Bond yields beyond a year retreated in May as investors factored in the possibility that slower growth might eventually allow Fed officials to tighten policy at a less aggressive pace later in the year ...but the near-term outlook remains extremely cloudy. The April employment report showed +428k jobs were added to company payrolls during the month with the unemployment rate unchanged at 3.6%. The number of Americans actively seeking work held steady at 5.9 million In April, almost half the number of reported jobs openings in March. The mismatch of job seekers to jobs available is virtually unprecedented and gives the Fed a huge amount of leeway to slow economic growth without sidelining millions of workers.

However, the main story continues to be the Fed's other mandate – *inflation*. The April CPI report came in hotter-than-expected with the monthly core rate doubling from +0.3% to +0.6%. Headline CPI climbed by a more restrained +0.3% but would have been higher if gasoline prices had not dipped during the survey period. On a year-over-year basis, overall CPI slipped from a four-decade high of +8.5% to +8.3%, although much of this decrease can be attributed to the higher base effect relative to the prior year.

AAA reported the average nationwide price of unleaded gasoline jumped another \$0.50 in May to a new record high of \$4.66 per gallon, promising continued inflationary pressure, and yet another weight on the back of U.S. consumers. Diesel prices were nearly a dollar higher during the month, which means transportation costs will certainly climb, pushing prices higher on a broad range of consumer products.

Mortgage rates stabilized in May with the 30-year fixed rate average ending the month at 5.10%, matching the average at the end of April, but with the average home price up more than 35% over the past two years, affordability is fast approaching a record low. This is one more weight on the consumer, particularly first-time buyers.

If overall consumer spending is on the verge of slowing it wasn't apparent in the April retail sales report. Sales rose by a brisk +0.9% in April, while March sales were revised sharply upward from +0.5% to +1.4%. The April headline increase would have been even bigger if

gasoline prices had not fallen -2.7% during the month, dragging gas station receipts lower. As mentioned previously, we know that gas prices have since reversed course and are now much higher.

Although inflation may be nearing a peak, several underlying components are generally expected to move higher in the coming months. Summer has historically been peak season for travel and home buying, but this year, arguably the first since 2019 that Americans feel comfortable getting out, also suggests an explosion in eating and drinking away from home, as well as a significant jump in attendance at concerts and sporting events. Given how challenging it's been for employers to find and retain workers, the service sector will be forced to increase pay and pass higher prices on to consumers.

The FOMC met in early May with inflation on center stage. Fed officials, as expected, announced the first 50 basis point rate hike in 22 years. The Fed also took the opportunity to reiterate that they expected to hike in 50 bp increments at the next two FOMC meetings but pushed back on the notion of bigger 75 bp moves. The meeting also clarified that balance sheet reduction would begin on June 1st at a maximum of \$47.5 billion before stepping up to \$95 billion in September. The simple fact that these securities will be allowed to mature without being reinvested also tightens monetary policy.

The committee made it clear that their priority will be to get inflation under control, sacrificing economic growth in the process. Investors aren't as sure that Powell will be able to stay the course once it becomes apparent that recession has arrived. For the time being, the Fed will deliver as promised, tightening by a half point in June and July before reassessing at the September meeting. The two wild cards in play remain the war in Ukraine and the COVID-related shutdown of factory production in China. At the time of this writing, there are already signs that China has reopened schools and public transportation in Shanghai and other major cities.

Market Recap

The month of June wasn't pretty for investors, as stocks, bonds, gold and crypto all dropped. Consumer confidence, which had held up reasonably well, plunged under the weight of too much bad news. One of the primary drivers of pessimism was the May consumer price index, which instead of retreating as expected, climbed from +8.2% to a new 41-year high of +8.6% year-over-year. The main contributors to the unexpectedly hot report were food, energy, autos, shelter costs, and travel and leisure services, all major drains on the average consumer. Unfortunately, this troubling data was released during the Fed's 10-day blackout period just before the June FOMC meeting, which meant Fed officials were prohibited from speaking and unable to rein-in growing concerns. As a result, inflation expectations soared along with bond yields.

At the June FOMC meeting, committee members succumbed to market pressure with the first 75 basis point rate hike in 28 years. At the press conference that followed, Chair Powell reiterated inflation was much too high, the Fed was committed to achieving price stability and would need to see compelling evidence that inflation was coming down before altering its course. The "course" at the time of the meeting was another 200 basis points of rate increases before year end.

The positive response to Powell's pledge to tame inflation quickly evolved into concern that the Fed would overtighten and tip the economy into recession. Powell stoked this fear repeatedly during the month, asserting that inflation was the Fed's top priority and implying that the economy could be sacrificed to achieve this objective. This tough talk was necessary to preserve remaining Fed credibility but damaging to consumer confidence.

The FOMC decided months ago that its employment mandate has been met, pointing to a +3.6% unemployment rate and overabundance of available jobs. The economic slowdown Powell is orchestrating will reduce the number of job openings over time, but fast dwindling savings and bear market destruction of retirement accounts could have a more immediate impact. The negative wealth effect of stock losses, and sagging confidence contributed to the first contraction in monthly retail sales this year. The -0.3% drop in May

spending would have been considerably worse if not for large gains in grocery store and gas station receipts, which were elevated by higher prices.

Rising prices are draining savings accounts, and record borrowing has thus far made up the shortfall. The personal saving rate slipped to a 13-year-low of 5.4%, roughly half of where it was just nine months earlier. At the same time, Federal Reserve data showed revolving credit had risen +19.6% year-over-year in April to a new record high of just over \$1.1 trillion.

The two-year Treasury-note yield started the month at 2.55% and climbed to 3.43% after the CPI release before closing the month at 2.95% as recession concerns entered the equation. The 12-month Treasury bill started June at 2.05%, peaked at 2.97% and closed the month at 2.74%. This degree of market movement in such a short period of time, especially on the short end of the curve, is almost unprecedented. The easy explanation is that buyers outnumbered sellers, but the longer explanation is that inflation climbed beyond where most experts expected. The things most Americans buy every day were front and center, with the average price for a gallon of gas topping \$5 per gallon for the first time in history.

At this point, the bond market has queued-up another 75-bp hike for July and 50-bps for September, but as signs of weakness emerge talk has already begun of when monetary policy could shift from tightening to easing. This won't happen in 2022 as inflation is expected to remain very elevated, and a policy shift anytime during the next 12 months would be a surprise. However, surprises have come with increasing frequency in recent years and the unexpected has become commonplace.

Arlington Independent School District Board of Trustees Communication

Meeting Date: August 4, 2022 Consent Item

Subject: Consider Approval of Guaranteed Maximum Price Amendment #1 for the Arlington High

School Renovations and Fine Arts and Dual Language Academy Addition Project

Purpose:

To provide the Board of Trustees the opportunity to consider and approve the Guaranteed Maximum Price (GMP) Amendment #1 for the Arlington High School Renovations and Fine Arts and Dual Language Academy Addition Project.

Background:

The Arlington High School Renovations and Dual Language Academy Addition and Renovation Project was approved as a part of the 2019 Bond Program. The project has been designed in two phases, a demolition, site development phase and a renovation and building construction phase. This phasing allows the Construction Manager-at-Risk (CMAR), Joeris General Contractors (Joeris), to begin demolition, site grading, utilities improvements, and construction of additional parking and new fire lane drives to prepare for the new addition and renovation of the existing building. While the site development work is taking place, the construction team consisting of VLK Architects, Joeris, and the District's Facility Planning and Construction Department will continue working to complete the construction documents and the project procurement for the renovation and building construction phase.

Joeris has received and evaluated proposals from sub-contractors and suppliers for site development work. The proposals have been reviewed and approved by the construction team. Joeris has presented GMP Amendment #1 for the Arlington High School Renovations and Fine Arts and Dual Language Academy construction contract in the amount of \$9,354,937. The second GMP amendment for the renovation and addition project will be presented to the Board of Trustees later in the fall of 2022. The project bids have been thoroughly vetted and the project scope has been reviewed completely to ensure that the District is receiving the best value for the programming identified.

With the approval of GMP Amendment #1, site development work on this project will begin immediately and be completed in the summer of 2023.

Recommendation:

Administration recommends approval of the Guaranteed Maximum Price Amendment #1 for construction of the Arlington High School Renovation and Fine Arts and Dual Language Academy Addition Project in the amount of \$9,354,937.

TO: Darla Moss, Chief Financial Officer

FROM: Wm. Kelly Horn, Asst. Superintendent of Facility Services

DATE: July 26, 2022

SUBJECT: Arlington High School Renovations and Fine Arts and Dual Language Academy

Addition Project Guaranteed Maximum Price Amendment #1

The Construction Manager-at-Risk (CMAR) for the Arlington High School Renovations and Fine Arts and Dual Language Academy Addition Project has presented a Guaranteed Maximum Price (GMP) Amendment #1 in the amount of \$9,354,937 for project site development.

The AISD Facility Planning and Construction team has worked closely with the campus principal, various District departments and senior administration to assess the existing facility and determine the most efficient and cost-effective means to include all campus additions and renovations identified in the facility needs assessment. Improvements include a classroom, administration, media center, science laboratory and fine arts addition. The renovations to the campus include ADA improvements, restroom renovations, mechanical and electrical upgrades, parking lot and fire lane improvements, exterior finish upgrades, landscaping renovations, and athletic renovations. The project scope will be completely addressed within the final project plan.

Improvements to Arlington High School will be performed in two broad phases -1) site development work, and 2) building construction. The GMP Amendment #1 is for site development, which includes demolition, site grading, utilities improvements and construction of additional parking, and new fire lane drives to prepare for the new addition and renovation of the existing building.

The Arlington High School Renovations and Fine Arts and Dual Language Academy Addition Project GMP Amendment #1 is in line with the budget estimates for this phase of the project budget. The site development phase will begin in the summer of 2022 with substantial completion is expected in the summer of 2023.
