

Leaf Art Tutorials

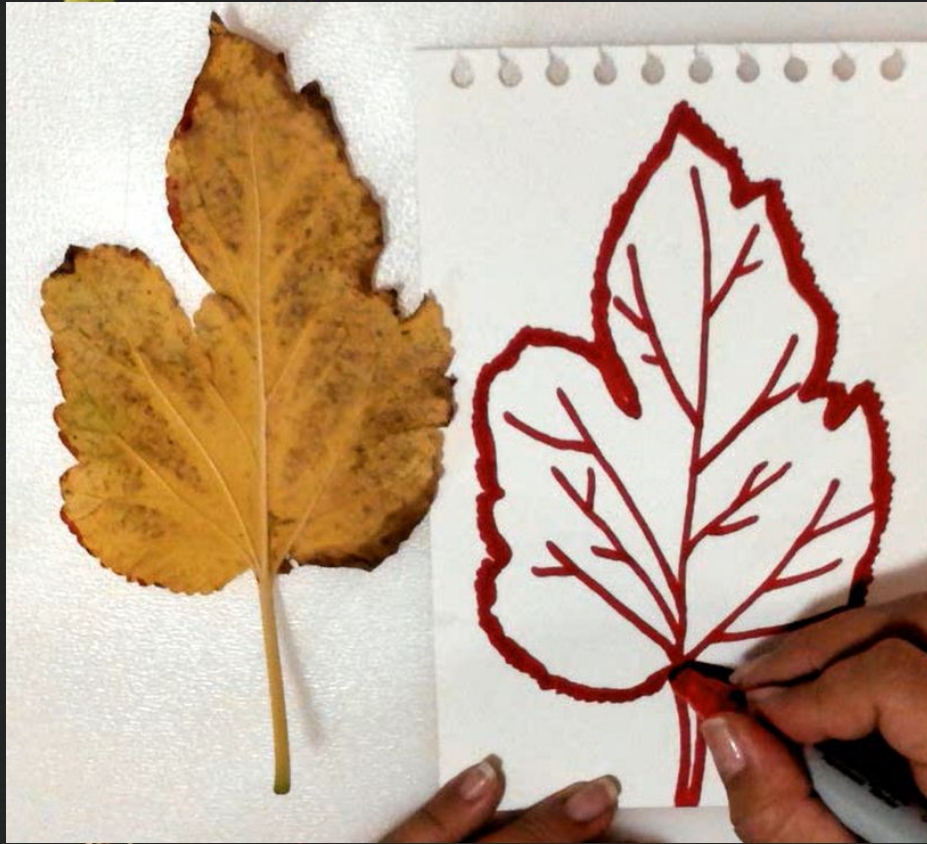

The background is a dark, textured surface decorated with various autumn-themed elements. In the top left, there is a green leaf and an orange leaf. In the top right, there is a pinkish-red leaf and a yellow leaf. At the bottom left and bottom right, there are clusters of small, round berries in shades of yellow and orange. Scattered throughout the background are small, glowing yellow and pink dots.

Trace Prints

Place your leaf on top of your paper, and trace with a Sharpie permanent marker.

Observe the vein patterns on the actual leaf and add them to your leaf drawing.

Color your leaf with crayons. Try using several colors to blend them out.

Paint the background with watercolors, or you can do a marker print for the background.
