School District and Campus Websites: Required and Optional Internet Postings

Published online in [TASB School Law eSource](#)

Texas and federal law require school districts that maintain an internet website to publish numerous items on their sites. The list of required postings continues to expand with each legislative session. In addition, Texas law gives school districts the option to post certain items. A full list of both required and optional postings is maintained at TASB Policy CQA(LLEGAL) and is set out in the attached chart below.

This list only addresses postings on websites and does not include other required methods or publications of notice. See TASB Legal Services' [Required Newspaper Publication of Notices by School Districts](#).
